

Where Syracuse Celebrates

The John H. Mulroy Civic Center Theater features three distinctly different theaters. These unique venues are ideal for all types of on stage presentation, performance, meetings, workshops, film, and lectures.

The spacious lobby areas, including one overlooking the Historic Columbus Square are ideal for receptions and pre theater events.

As the home to the Syracuse Opera and the National Broadway Famous Artist series, the John H. Mulroy Civic Center Theater shines every time the curtain opens.
